RAGAN THOMSON

About Transform through Arts

Transform Through Arts became a nonprofit 501(c)3 in 2023. It all began in 2015 with a small Valentine dance show “Colors of Love”, each year refining its mission and expanding into bigger productions. In recent years, TTA delivered two multicultural dance theater productions per year as well as the documentary films “Call to Rise” and “Drumbeat of Humanity”

Mission Statement:

Transform Through Arts unites humanity in all of its diversity through Multicultural dance theater productions and documentary films. Through the arts, TTA builds bridges of connectivity and harmonious coexistence across cultures. We provide opportunities for underrepresented cultural groups and diverse artists to be seen, heard, and celebrated.

Through the arts, we elevate humanity to cooperation and embrace of all diverse expressions, unifying the tapestry of life.

Yulia
